

HEAVY VOTE BEING CAST

Red Hot Election Contest in Iowa, Ohio, Nebraska and Maryland.

BITTER IN KENTUCKY

State Militia in Readiness to Quell Anticipated Rioting at Polls.

RESULT PROMISES TO BE CLOSE IN OHIO AND NEBRASKA

Reports From the Various States Indicate That Fine Weather Prevails Everywhere and that an Enormous Vote is Being Polled—Early Vote Noticeable in Ohio and Iowa—The Election in This Latter State is the Fiercest Known for Some Time—Estimates and Claims.

Elections are being held in twelve states today. Ohio, Iowa, Kentucky, Mississippi, Maryland and Massachusetts will elect governor and other state officers. In Nebraska, Pennsylvania and South Dakota there are three state offices to be filled. In New Jersey and Virginia legislatures will be elected, and in New York members of the state assembly and one congressman will be elected. In four states—Iowa, Virginia, Kentucky and Mississippi—the legislatures to be elected will elect United States senators. Municipal elections will be held in several leading cities, and county officers are to be voted for in some states notably the four counties of Greater New York. Appended is the latest vote from which a line may be drawn:

Table with 4 columns: State, Rep., Dem., Plu. Rows include Ohio (1897), Kentucky (1897), Iowa (1897), Nebraska (1897), S. Dakota (1897), Penn. (1897), Mass. (1898), Maryland (1897).

Kentucky.

Louisville, Ky., Nov. 7.—[Special Telegram to The Gazette]—Mayor Wheeler of Covington, wired the governor at noon for troops to aid him in arresting the Chief of Police and forty policemen who resisted arrest on the charge of unlawfully ejecting Brown, a challenger from the polls. The governor replied that he would order a company to Covington for this purpose upon the filing of proper affidavits. Mayor Wheeler replied that he would file them at once.

All Quiet at Frankfort Ky. Frankfort, Ky., Nov. 7.—[Special Telegram to The Gazette]—The election in this city is one of the most orderly ever witnessed here. A heavy vote is being polled.

Democratic Officers Arrested. Louisville, Nov. 7.—[Special Telegram to The Gazette]—Several democratic election officers were arrested this morning charged with irregularities. The ousting of the republican judges in this city had the effect of arousing the anti-Goebelites to deeper indignation. The republicans charge that in two or three of the Louisville republican precincts the books were missing and up till nine o'clock the polls had not opened.

Wild With Excitement. Louisville, Ky., Nov. 7.—Louisville and the state of Kentucky is wild with excitement today, and bloodshed is surely expected before the polls close. A regiment of soldiers, backed by a gatling gun, is ready for any riot in this city. The Goebel men have sworn in 1,000 extra police. It was learned this morning that 100 republican election officers have been disqualified by Goebel's adherents.

Governor Bradley declares that a fair election and a square count will be secured if the efforts of the military can accomplish such an end. So far as known this action of the election board leaves nearly 100 of the 207 election precincts without representatives of either the republican, the Brown democratic, the populist or the prohibitionist parties. Goebel democrats alone are in charge.

The action, however, has strengthened the resolve of the Brown democrats to be represented at the polls. It also had the effect of causing Governor Bradley to take action. The newspapers this morning print hysterical double column articles with black headlines, accusing the other side

of contemplated riots and bloodshed, and the aim of these publications seems to be to prepare the way for proof, if trouble does come, that it was the other fellows who were responsible. Each faction is loud in its proclaimed desire for peace, and declares that any thing it may do today will be forced on it by its bloodthirsty and law-despising opponent. Both sides are claiming the state by all sorts of ridiculous majorities. The best opinion, however, is that it will be a close election.

Ohio.

Heavy Early Vote in Cleveland. Cleveland, Nov. 7.—[Special Telegram to The Gazette]—Good weather brought out a good and early vote. It is said that half of the entire vote in many wards was polled before 9 o'clock.

Early Voting in Ohio.

Cincinnati, Nov. 7.—[Special Telegram to The Gazette]—Early reports from many Ohio points all showed heavy voting during the opening hours. The greatest interest centers in Hamilton and Cuyahoga counties, and both are conceded by both sides to be in doubt. The result in these two counties may turn the election.

The vote in Hamilton county outside of Cincinnati, is unusually heavy and was polled early. The vote up to noon indicated heavy gains for McLean, but the Nash men are still confident. Jones will carry a number of precincts.

Nebraska.

Large Vote in Nebraska Cities.

Omaha, Nov. 7.—[Special Telegram to The Gazette]—Splendid weather is bringing out a good vote in the larger cities, but reports from the country districts say that not much interest is taken in the election.

At noon two-thirds of the vote throughout the state was cast. Late reports from the country districts show that the vote there was larger than was expected. Bryan voted at Lincoln early in the presence of several hundred people who had gathered to witness the silver leader cast his ballot. He expressed confidence in the result.

STUPENDOUS DEAL IN TIMBER LANDS

WEYERHAUSER BUYS MANY ACRES ON PACIFIC COAST

The Greatest Timber Deal Ever Closed in the History of Logging Operations—Diphtheria Raging in Beloit—Mormons Strong in Wisconsin—State News and Notes.

Ashland, Wis., Nov. 7.—Frederick Weyerhaeuser of Chippewa Falls, the greatest lumberman in Wisconsin and Minnesota, is just closing another deal which more than clinches his title as the most extensive manipulator in lumber and logs in the world.

This, his latest and most stupendous deal, is the purchase of 1,000,000 acres of timber lands from the Northern Pacific Railway company. This timber is located on the Pacific coast. The price paid for this timber is \$36,000,000.

This is the greatest timber deal ever closed by any individual in the history of the lumbering and logging industry. In speaking of the deal Mr. Weyerhaeuser said that it is simply an investment. He believes that timber is bound to advance in the Western country, and that he will realize a handsome profit.

J. F. Farr of Phillips has been appointed general superintendent of logging on the Indian reservations in Wisconsin. The place is created on the recommendation of Indian Commissioner Jones and it pays \$2,000 a year.

Duluth, Minn., Nov. 7.—The Merrill & Ring Lumber company has decided to construct a logging railway to Lake Superior for handling 200,000,000 feet of timber recently bought in Lake county. Messrs. The postal revenues for the year are shown to have been \$95,021,384, and the expenditures \$101,435,269, leaving a deficit of \$6,413,885. Of this amount the treasury has advanced \$6,000,000, the balance unpaid being \$413,885.

Labor Riots Sentenced.

Moscow, Iowa, Nov. 7.—The culminating scene in the long drawn out labor troubles in the Coeur d'Alene mining region was enacted in the federal court here Monday when the ten men found guilty of interfering with the United States mails near Wardner, during the riots of April 29, were sentenced by Judge Reatty to each serve twenty-two months in the United States prison at San Quentin, Cal., and pay a fine of \$1,000. Motions in arrest and suspension of judgment were previously overruled by Judge Reatty.

WILL SHUT OFF THE REBELS' RETREAT

GEN. WHEATON'S EXPEDITION TO LAND AT LINGAYEN.

Plans Carefully Laid to Push the Filipino War—This Move is Expected to Quickly Impress Upon the Insurgents the Hopelessness of Their Cause.

Manila, Nov. 7.—Gen. Wheaton's expedition will land at Lingayen gulf. The troops on landing will immediately take positions where they will be able to command the great coast road, which is the great artery of traffic between northern and southern Luzon. They will hold this road as far north as Rosario, while the southeast road will be held to San Jacinto.

This plan, it is believed, will interfere with the retreat to the northward by Aguinaldo. The topography of the country has been studied carefully, and the officials claim that while there will be some unprotected mountain passes, none of them is available for heavy transportation.

As soon as Gen. Wheaton shall have landed it is expected that he will extend his force southward to join with Gen. Lawton's force, now preparing to move southward from Cabanatuan. When this junction shall have been effected, Gen. MacArthur will begin his advance from the vicinity of Angeles, sweeping the insurgents toward the line formed by the troops of Wheaton and Lawton.

Sunday's capture of Magalang straightened Gen. MacArthur's line preparatory to the general advance. Two columns were formed from the Seventeenth Infantry, one of them under Col. Smith and the other under Major O'Brien. These fought the most effective engagement that has occurred for some months. The total loss of the Americans was eleven wounded, Major O'Brien's column killed forty-eight insurgents, wounded many more and captured over twenty-eight prisoners and fourteen rifles. Col. Smith's column killed and wounded over 100 insurgents and captured fifty more, taking also a number of bullock wagons, used for transporting the supplies of the rebel army. The enemy in this engagement numbered about 1,000.

The situation here appears far more hopeful than it has for some months. The publication in Manila of the report of the Philippines commission, recently made public in Washington, leaves the insurgents nothing to hope for from that source. Also the prospect for an aggressive movement and the pressing of hostilities by a greatly increased American force throughout the long period of dry weather, which is now about to begin, is undoubtedly weakening the determination of the insurgents to make resistance indefinitely.

Home Rule in Negros Island.

Manila, Nov. 7.—At Bacolod, in the island of Negros, the first autonomous government of the Philippines was established Monday. Gen. Smith, governor of the island of Negros, administered the oath of office to the judge of the Supreme court, who in turn swore in the governor, three judges, twelve councilmen, the auditor and the secretary of the interior. The natives of the entire island attended the ceremony. The officers from Iloilo were also present. Three days of feasting will follow the celebration of the new government and the first anniversary of the surrender of the Spaniards to the Negro revolutionists.

DECREASE IN DESTITUTION

Less Poverty in Milwaukee Than Usual by 60 Per Cent.

Milwaukee, Nov. 7.—Destitution in Milwaukee will be 50 per cent less prevalent during the coming winter than it was last. This is the opinion of Wm. C. Spindler, county superintendent of the poor, and Thomas W. Buell, vice president of the Associated Charities of Milwaukee. This improvement in conditions is due to the prosperous times which are affording plenty of employment for all classes at good wages. It is estimated that not to exceed \$60,000 will be needed by the organized charities of the city to care for all appeals for relief that will be made during the present winter.

ANGLO-AMERICAN CHINESE TREATY

SECRET AGREEMENT BETWEEN THE THREE NATIONS.

London, Oct. 7.—[Special Cablegram to The Gazette]—It is learned on good authority that the Anglo-American Chinese agreement was discussed by Ambassador Choate with Lord Salisbury, Lord Pauncefoot and the Chinese ambassador to England before Pauncefoot sailed for America and an agreement was practically completed.

This, it is learned, amounts to a secret treaty by which China will do all possible to develop the Anglo-American trade in the far east and in return England and the United States will do their utmost to prevent the partition of the empire. Both will keep permanent fleets in eastern waters.

FORECAST OF WEATHER

FISHER MAKES MORE ARRESTS

Rock County, Boy Continues to Hunt Illegal Deer Sportsmen.

Special Game Warden S. D. Fisher continues to get in his work in the arrest of illegal hunters in the Wisconsin deer forests. He recently made the arrest of two more hunters who were using dogs in hunting down deer.

Yesterday was the first day that deer could be shipped, but at the offices of the railroad and express companies it was said that no deer had been forwarded. It is likely, however, that shipments will be made today and continue more or less until the close of the deer shooting season. Dealers in game do not anticipate a big season in venison.

POLITICIANS ARE NOT CONFIDENT

Few Predictions Made on the Results of the Elections.

Washington, Nov. 7.—The results of the elections in the various states today are awaited with much interest. The majority of the officials of the administration have gone home to vote. One of the remarkable features of the elections is that but few of the well-informed and experienced politicians will even venture a prediction as to any of the states where the election will be close.

A few democrats are venturing the prediction that their party will carry Iowa because of the disaffection of certain foreign-born elements which have at previous elections supported the republican party. They say that if Ohio elects Nash it will be because an abnormally large vote is cast in proportion to the population of the state.

The great interest attending the elections lies in their national significance. It is recognized by the best informed republicans that the loss of Ohio to their party would be a serious blow to McKinley and the administration. Democrats feel the same way about Bryan in Nebraska. It is believed that democratic victory in Ohio and Kentucky would result in a general revolt against Mr. Bryan's leadership of the democratic party. There is a sign of a break in Bryan ranks in a number of southern states, particularly Virginia, Alabama, Mississippi, Georgia and Texas. Should Nebraska go republican together with democratic victories in Kentucky and Ohio, Bryan's nomination for the presidency in 1900 would, in the opinion of a number of his closest friends here, be exceedingly poor. Victory in Ohio and Kentucky for the democrats would, on the other hand, probably result in strong opposition to Mr. McKinley's re-nomination.

Hint for the Boys.

Lemuel Collins, of Bath, Maine, has an intelligent dog named Pomp, who will fill the dog box whenever he is requested to do so. The animal carries the wood in his mouth, stick by stick, from the shed into the kitchen, where he carefully deposits them in the wood box.

Expensive Peace.

Almost every nation, with the exception of the United States and Britain, is overtaxed to meet the expenses of maintaining its army navy. France runs behind to amount of \$1,000,000,000, Austria an annual deficit of \$300,000,000, Russia of \$50,000,000 and Italy of \$30,000,000.

Boers and English Fear Natives.

Capetown, Nov. 7.—[Special Cablegram to The Gazette]—There is increased uneasiness over the situation in Basutoland. Many Basutos are seen under arms. The colonial authorities felt confident that Basuto hostilities would be directed against the free state, but since the news of the British reverses on the frontier reached them, it is stated that there is no telling which way the natives will flop. The British and Boers are both trying to keep the natives quiet. Once on the warpath the latter would doubtless menace all whites.

Antarctic Exploration.

New York Post: Another exploration will soon rival the discovery of the north pole in point of popular interest, as no less than three expeditions are preparing to start for this region in 1902 or thereabouts. The English government has assumed a reputation from the Royal Society and the Royal Geographical Society that it would assist the expedition which is being fitted out under their auspices, while Dr. Nansen will also make a voyage to the Antarctic region. The matter is to be thoroughly discussed and a plan of action decided on at an Antarctic conference at the coming International Congress of Geographers at Berlin, where Dr. Nansen, Sir Clements Markham and Sir John Murray will consult with Prof. von Drygalski the head of the German expedition.

Expensive Peace.

Almost every nation, with the exception of the United States and Britain, is overtaxed to meet the expenses of maintaining its army navy. France runs behind to amount of \$1,000,000,000, Austria an annual deficit of \$300,000,000, Russia of \$50,000,000 and Italy of \$30,000,000.

CRISP AND FRESH NEWS FROM CLINTON

SAD DEATH OF YOUNG MR. PERRY EDWIN HANSON.

Well Known Married Couple Seeking a Divorce—Blacksmiths' Consolidate and Form a Local Combination—Some Social and Personal Notes.

Clinton, Wis., Nov. 7.—Perry Hanson, a young man of excellent character and held in high esteem by all who knew him, died at his home in this village on Saturday, Nov. 4, 1899, at 6 o'clock a. m. of peritonitis. Deceased who was the younger son of Mr. and Mrs. C. L. Hanson, of this village, was born in Clinton, April 18, 1878, and had there fore just attained his majority the present year. His death was without doubt due to injuries which he sustained near Oklahoma on Sept. 14 last and by which he lost his leg. He was able to reach home about three weeks ago. A second amputation of the injured limb was performed Oct. 19th. Since then he was thought to be doing well until a bowel difficulty set in a week ago. His death was a shock to the entire community for he had many friends who will mourn his untimely departure. The funeral service will be held at his late home on Tuesday at 2 o'clock p. m.

A. S. Isam, who is local agent for the McCormick corn husker, has sold to Chas. Benedict one of the latest and improved machines. This husker which is the invention of Chas. E. Curtis a former Clinton man, attracts a good deal of attention here and seems well nigh faultless in its construction. The safety lever is so arranged that it is practically impossible for the operator to get near the rollers without stopping them. We understand that A. W. Shepard has also purchased a husker.

Divorce proceedings have been instituted by Joseph McMichael against his wife, who was formerly a Mrs. Patten. W. A. Mayhew is attorney for the plaintiff and E. D. McGowan of Janesville for the defendant. Mr. and Mrs. McMichael have lived together many years and have a daughter nearly grown. Both the plaintiff and defendant have been unfortunate in matrimonial ventures having been previously divorced. The friends of the family say there is blame on both sides and hope for a speedy and amicable adjustment of the difficulty.

Professor A. W. Barr of Beloit college, preached at the Congregational church Sunday morning. The professor is a deep thinker and his sermons cannot help but arouse interest along educational lines.

The lines on "Indian Summer" published in No. 8 of the "Church Record" certainly indicate that its editor has true poetic inspiration. It is quite evident that Brother Parsons has an enviable future before him as a speaker and writer.

The telephone office has finally been located in O. L. Woodward's drug store and we now have communication with Madison, Milwaukee and intermediate points.

Mrs. Mary Hatch returned last week to her home in Kansas City.

Clinton's blacksmiths have consolidated and formed a local combination. Hereafter the price of new shoes will be 40 cents, resetting 15 cents and 20 cents. This is a nickel advance over the old prices.

SPORTING NOTES

New York, Nov. 7.—Tom O'Rourke, on behalf of Tom Sharkey, today posted a forfeit of \$5,000 with George Condit to bind articles of agreement for a second fight with Jim Jeffries. O'Rourke who is anxious to clinch the match, wants the bout to take place within the next four months.

When Jeffries was questioned regarding Sharkey's forfeit he said: "I will not pay any attention to it. I have defeated him twice and the public knows as well as he does himself, that I am his master. He only puts up the money to try and regain some of his damaged reputation. I will not fight again until next year for I think I deserve a rest. When I get ready to fight again Jim Corbett will be my first opponent. Bob Fitzsimmons will come after Corbett, so you see Sharkey must wait."

Devotees of baseball will be glad to know that Amos Rusie, for years the star twirler of the old New York league club, and John M. Ward, the noted ex-manager and captain of the Giants when they were in the heyday of their prosperity, will appear in the new league team in New York next year.

From all indications the Wisconsin-Illinois football game at Milwaukee next Saturday promises to draw the biggest crowd which ever assembled for an athletic contest in the Cream City. At the State University headquarters in the Merchants' Building yesterday, it was announced that excursions would go from Champaign and Madison, carrying a large number of Illinois and Wisconsin rosters, and in addition, local Wisconsin, Michigan and Illinois alumni would join the excursion from Champaign and accompany it to Milwaukee.

AMUSEMENT NOTES.

The first number of the Peoples Lecture Course was given at the Congregational church last night to an assemblage that filled the large auditorium. It was a representative gathering of the culture and intelligence of Janesville. The London Glee Singers comprising: Miss Carr Shaw, prima donna soprano; Miss Emlen Jones, contralto; Mr. Frank Pemberton, tenor and director; Mr. Robert Hyatt, baritone; Mr. Isidore Marcell, bass; Mrs. Frank Pemberton, accompanist gave an excellent rendition of old English folk-songs—historical, romantic and pastoral. The selections afforded a comparison between the music of old England two and three hundred years ago and the jingles and rag-times of today and the comparison was by no means to the disadvantage of ancient music. The program was a long one comprising twenty-five numbers with frequent encores but it was thoroughly enjoyed by the discriminating music lovers present. Both in solo and chorus the efforts of the performers were distinguished by ability and effect. It is seldom that a medley of voices is heard with such perfect tone and unison as in the choruses of last night. A most pleasing quartette number was "A Midsummer Carol," a very ancient and curious melody sung by Misses Shaw and Jones and Messrs. Pemberton and Hyatt. The blending of voices was admirable. Mr. Hyatt did some humorous selections which were well received.

The whole performance was novel and unique in a vocal musical way and was highly appreciated. The next number in this popular lecture course will consist of Congressman J. P. Dolliver on the evening of Nov. 22.

Tonight Eddie Girard and Edward Garvie at Myers Grand Opera house, will thoroughly explain in three lessons by "Owen Touchman" how to borrow money, in the new American farce, "Hunting For Hawkins." This has been pronounced to be a brilliant comedy hit and no doubt well worth seeing. It is absolutely a novelty in farcial construction. There is an old maid in the play who constantly tells her friends of the time when she was to be married. "When the bells were ringing and a sumptuous feast was spread." The running away of the bridegroom on this occasion is one of the reasons why they are hunting for Hawkins.

Are you thin? Would you like to get fat and plump? Tried "laughing" but it wouldn't work, now take Rocky Mountain Tea, it will do the business Smith's Pharmacy, Kodak agents.

STATUE FOR MISS WILLARD

Former Janesville Woman Is At Last to Be Honored in Washington.

C., held its annual meeting yesterday. The committee was organized by the appointing of Miss Anna Gordon, chairman, and Mrs. Mary Metzger, secretary.

Chicago's New Institution Does a Big Business First Day.

Chicago, Ill., Nov. 7.—A municipal pawnshop, operating under a law passed by the last legislature was opened here today, and judging from the number of applications for loans, will be a success. The institution is operated under a state charter, and loans money at 1 per cent a month instead of the customary 5 to 10 per cent, and upwards charged by the pawn brokers.

The happiest couple in the world should be a deaf husband and a blind wife both taking Rocky Mountain Tea, Smith's Pharmacy, Kodak agents.

SISTERS' FAIR SUCCESSFUL

Closes This Evening at the Armory After Run of Several Nights.

At the Armory this evening the Sisters' fair will be brought to a close after a most successful run of several nights. That the fair has been a decided success this year is the opinion of the management and all departments have been liberally patronized by the public. The merchants have donated liberally for the success of the entertainment and each evening the public has given its hearty support by most liberal patronage. Tuckwood's and Smith's orchestra have furnished excellent music and all who had the arrangements in charge neglected nothing that would add to the pleasure of visitors.

Chamberlain's Pain Balm Cures Others, Why Not You?

My wife has been using Chamberlain's Pain Balm, with good results, for a lame shoulder that has pained her continually for nine years. We have tried all kinds of medicines and doctors without receiving any benefit from any of them. One day we saw an advertisement of this medicine and thought of trying it, which we did with the best of satisfaction. She has used only one bottle and her shoulder is almost well. —Adolph L. MAY PUBLISH Y. M. C. A. PAPER

Local Association Seems to Think That is What Janesville Needs.

Secretary J. C. Kline says that the Janesville Y. M. C. A. is now planning on the publication of a monthly paper to be issued in the interest of the local association. In several western cities where Y. M. C. A. buildings thrive they have monthly publications. "We have plenty of printed matter that we cannot afford to pay for in the Janesville papers and it is mainly for this reason why we need a small paper of our own," said Secretary Kline.

It will not be a surprise to any who are at all familiar with the good qualities of Chamberlain's Cough Remedy, to know that people everywhere take pleasure in relating their experience in the use of that splendid medicine, and in telling of the benefit they have received from it, of bad colds it has cured, of threatened attacks of pneumonia it has averted and of the children it has saved from attacks of croup and whooping cough. It is a grand good medicine. For sale by Smith's Pharmacy next to Post office. Kodak agents.

SETTLEMENT AS TO SAMOA.

Solution of the Vexed Question Is Arrived At.

London, Nov. 7.—Although the exact terms of the agreement are still carefully guarded, the Associated Press is able to say that the Samoan question is practically settled, and that the finalities will take place within a few days, unless some unexpected hitch occurs.

It can be said that American control of Tutuila Island confirmed and agreed to, while the United States has, it is understood, signified its approval of the projected arrangements between Germany and Great Britain. Regarding the details of the latter, the British foreign office remains mute, except to authorize the statement that none of the recent surmises of the German press have correctly outlined the plan, which now seems sure of acceptance. It is also emphatically denied that the United States has been in any way neglected in the negotiations. It is pointed out that the United States, having secured Tutuila Island, obtained all she expected or desired, but though thoroughly satisfied, she was kept conversant with and always has been consulted about the negotiations which proceeded between Germany and Great Britain.

Last week it was believed that an impasse had been reached and the diplomats were inclined to fear that no settlement was attainable in the near future. The sudden turn in the negotiations and the overcoming of the apparently unsurmountable obstacles created almost as much surprise as gratification. Of course it is still within the limits of possibility that another and entirely unexpected contingency may arise during the interim of the drawing up of the papers and signing of them. But there is every reason to believe that an official statement will be given out this week announcing the terms of the settlement of this long-standing international difficulty.

JAPAN MIGHT FIGHT RUSSIA.

Yokohama Dispatch Dealing with Enfranchisement in China and Korea.

San Francisco, Cal., Nov. 7.—The Associated Press correspondent at Yokohama sends the following by the steamer Doric, under date of Oct. 21:

"Judging from the tone of the native press in commenting upon the Masampho affair, it would not be at all difficult just now to arouse against Russia the latent war spirit which has been gathering force and depth ever since the retrocession of the Tarn Ton peninsula. At every stage of the rapid progress of her naval armament program the consciousness of her growing strength is affecting the nation, while at the same time the conviction that with completion of the Siberian railway the hour for successful revenge will have passed makes Japan morbidly sensitive at the news of any fresh encroachments of the Russians in northeastern Asia, and especially in Korea."

"Very little doubt now exists that some sort of an understanding has been arrived at between Japan, China and Korea."

May Reject Russian Steamer.

San Francisco, Nov. 7.—The Russian steamer Doiney Vastock has arrived from Honolulu in tow of the tug Reliance, her machinery having been broken down just outside the heads. The steamer took a ship load of Japanese to Honolulu and she was to proceed here with all dispatch, to be chartered as a transport. Her failure to arrive on time will probably cost her the charter, the British steamer Flinthshire having been taken in her place.

Welcomes American Advance.

Bremen, Nov. 7.—The Weser Zeitung of Bremen, commenting on a Washington dispatch published here to the effect that the United States is negotiating for the maintenance of the "open door" policy in China so as to divert the attention of the powers from the war in South Africa, says: "Whatever America's object may be, it is welcome news that that country is entering actively on the pursuit of this Chinese policy."

Hobart Is Growing Weaker.

Paterson, N. J., Nov. 7.—The condition of Vice-President Hobart still remains unchanged. The patient, however, is steadily growing weaker and it is feared that the end is not far off. Mr. Hobart now takes little or no nourishment, and his wonderful vitality is standing him in good stead. Despite his suffering, he continues to be cheerful, and during his waking hours engages in conversation with his attendants.

Plenty of Proof Right Here in Janesville.

Claim is one thing; proof another. Columbus claimed the world was round.

Did people believe it? Not until he proved it.

Unproven claims have made the people skeptics.

Every claim made for the "Little Conqueror" is proven.

Proven in Janesville by local experience.

Here is one case from the many we have.

Mrs. N. J. Casey, of 103 Prairie Ave., says: "Doan's Kidney Pills proved better than any other medicines I took for my kidneys. These organs troubled me off and on for some years. Backache was the chief symptom and often caused me to suffer severely. I tried a number of remedies but continued to grow worse instead of better. I was finally persuaded to try Doan's Kidney Pills and procured a box at the Peoples' Drug Co's. store. I only took them a few days when I felt better. Should there be any recurrence of any trouble I now know what to use."

For sale by all dealers. Price, 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Senator Morgan's Opinion.

Washington, Nov. 7.—"Congress should at once take action in relation to the Philippines," said Senator Morgan. "This action should be taken in the discharge of the duty imposed by section 4, article 4, of the constitution, which provides that the United States should guarantee to every state in this union a republican form of government." The senator said this imposed a distinct duty upon congress, and the discharge of that duty by action looking to the establishment of a republican form of government in the Philippines would be the best answer possible to the anti-imperialists. No attempt should be made, he said, to frame a detailed government for the islands as a whole or for any of the various peoples who inhabited them without a thorough understanding of all the conditions and needs of the inhabitants.

Grain-O Brings Relief

to the coffee drinker. Coffee drinking is a habit that is universally indulged in and almost as universally injurious. Have you tried Grain-O? It is almost like coffee, but the effects are just the opposite. Coffee spurs the stomach and ruins the digestion, effects the heart and disturbs the whole nervous system. Grain-O tones up the stomach, aids digestion and strengthens the nerves. There is nothing but nourishment in Grain-O. It can't be otherwise 12 and 25¢ per package.

FREE PRESS SCORES MASON

The Beloit Free Press extends its compliment to Senator W. E. Mason in this manner:

United States Senator William E. Mason of Illinois declares that he will resign his senatorship if the next republican national convention does not declare against "criminal aggression" on the Philippines, and then be a candidate before the Illinois legislature for re-election to give his constituents the opportunity to endorse or condemn his position on the Philippine question. Senator Mason is not original in his method of showing opposition to the administration. Senators Cook and Platt once appealed from a president to a legislature by resigning their senatorship and asking a re-election. The legislature, however, instead of re-electing them, confirmed their resignations. Mr. Mason from the day of his election, assumed the role of the Kentucky gentleman who "was bigger'n Grant." At the very beginning of the Spanish troubles, when President McKinley was using every art of diplomacy to avert a war with Spain, Senator Mason was among the foremost who sought to precipitate the war. Since the "fortunes of war," which he was influential in provoking, imposed new and unlooked for responsibilities upon this country, he has opposed every effort of the president to meet those responsibilities in the way that would, in the light of twentieth century civilization and the experience of nations, best maintain the dignity of the United States and at the same time best conserve the interests of the many tribes of the archipelago. Thus far in the discharge of the duties imposed upon him by the war, President McKinley has not only the approbation of the republicans of the country but of a vast majority of the people of the country irrespective of party. There are very few Americans who would have the president do other than he has done, and still fewer who would have the flag lowered in the Philippines at the armed demand of guerrillas who do not understand the first principles of constitutional liberty. With these very few Senator Mason has taken his stand—a stand outside the republican line, the American line, the humanitarian line, the christian line. If Senator Mason resigns the United States senate chamber will know him no more forever, and the sooner he resigns the better he will please the great body of his Illinois constituency.

THE FUTURE OF CUBA

General Fitzhugh Lee says he does not think the people of Cuba are fitted for self government. He favors a protectorate by the United States or annexation.

ation. It is evident that the general will be among the most robust of annexationists before long. Everybody who has had a chance to learn anything about the Cubans knows that they are not fitted for independence, says the St. Louis Globe-Democrat. If the United States should withdraw its authority and let the people of the island set up a government for themselves there would be civil war in Cuba within a week. Just at present the democratic newspapers and stump speakers are howling for the withdrawal of the United States troops from the island, because they think that this sort of talk will embarrass the administration, but after the elections are over all the democrats will acquiesce in the policy of the administration on this as on all other issues which the war of 1898 caused.

ALDERMEN CALL SPECIAL MEETING

ARE DISGUSTED WITH WORK ON PAVING CONTRACT.

Say That Immediate Steps Should Be Taken Towards Remedying Present Difficulty on West Milwaukee Street—Merchants Raise a Howl Over Delay.

Mayor V. P. Richardson and members of the common council will hold a special meeting this evening at the council chamber, at 7:30 o'clock. The one important topic to come up for discussion is the brick pavement question on West Milwaukee street.

The difficulty is all between the street car rails, and is over the method of paving and the kind of brick to be used. At the corner of River and Milwaukee streets, brick has been placed of late, but it does not seem to answer the bill. The street car wheels crush it as they pass over, and it will have to be replaced.

It is claimed that the brick was not properly placed and that it will all have to come up where placed between the rails. Others claim that the right kind of brick is not being used. Merchants along the street are raising a howl on account of the thoroughfare being blocked. It is this trouble that the council intends to remedy this evening.

"Yes'm," replied Tufford Knutt, who was on his journey westward. "An I'm a good deal like a cabbage worm, besides, I'm eatin' my way into the interior, ma'am."—Chicago Tribune.

"Very few people," she said, "know how to shake hands properly."

IOWA TROOPS ARE AT HOME.

Welcomed at Council Bluffs by Thousands of Citizens.

Council Bluffs, Iowa, Nov. 7.—There was a great demonstration here Monday when the Fifty-first Iowa volunteers reached this city. The first section of the train arrived shortly after 8 o'clock in the morning. From one end to the other the downtown streets were gorgeous with bunting, flags and other decorations. At least 30,000 persons were here from other cities to welcome the soldiers.

After about two hours had been spent in exchanging greetings at the station the parade was formed. The column, nearly two miles in length, contained over forty of the best bands in the state. The soldiers who brought up the rear of the column, headed by the regimental band, Col. Loper and his regimental staff, were greeted with an enthusiasm that expressed itself in the loudest of cheers, hand-clapping and other demonstrations of joy.

Before the reviewing stand the veterans of the civil war and the military escort of former Spanish war soldiers opened ranks, and between these ranks marched the returning troops. At the close of the parade a short program of exercises was held in the city park. John N. Baldwin acted as president of the day and introduced the speakers. Gov. Shaw made the address of the day on behalf of the state.

Des Moines, Iowa, Nov. 7.—Companies A and H of Des Moines, C of Knoxville, and F of Oskaloosa, of the Fifty-first Iowa, arrived here Monday night at 8 o'clock. They were met by a crowd of 75,000 persons, and the Des Moines companies were escorted to the Auditorium, where bronze badges were pinned on their coats and they were formally welcomed home with speeches by the mayor and other citizens. Wednesday night the soldiers will be given a reception at the state capital, followed Thursday night by an elaborate banquet at a local hotel. The Oskaloosa and Knoxville companies have gone on to their homes.

Not After Vice-Presidency.

Boston, Mass., Nov. 7.—Secretary Long, who is now at his home in Hingham, said to a reporter, when asked what he thought of the talk in regard to his possible candidacy for the vice-presidency: "It is simply talk. I have no desire for the office, and, in fact, I have no desire for any political office. I want to retire from politics, as I did several years ago. The vice-presidency will probably not be offered to Massachusetts. It will, without doubt, go to some more doubtful and powerful state, like New York."

When looking after goods you see advertised in these columns just mention the fact that you saw it in The Gazette and it will insure you the best of bargains.

IT MUST Follow

As the winter
the Summer.

That the more
radiating sur-
face there is in
a stove the
greater the
Heating
Capacity.

The . Favorite . Base . Burners

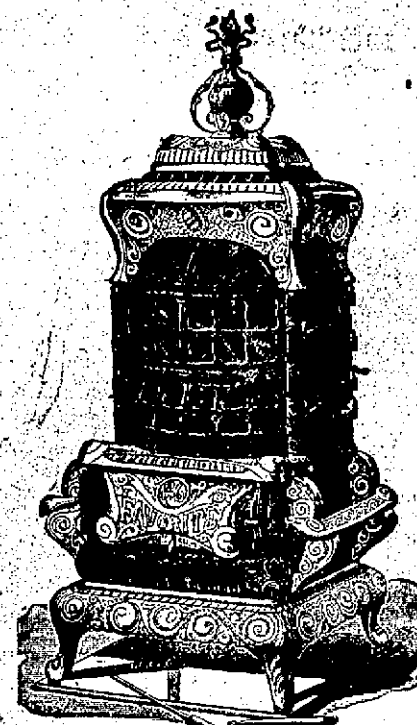

give 1/3 more radiating surface than
others and therefore will heat the
the same space with 1/3 less fuel

This Is Not Theory, Its Facts !!

Its a telling argument that the others
can't quite step up to. There are other
arguments we want to make to
you before you buy a stove. It will
pay you to talk this matter over with
